This year's Christmas song has a motif of driving at night. The song is about the internal conversation between a father driving a car in the pouring snow and his daughter waiting for him to come.

今年のクリスマスソングは夜のドライブがモチーフ。降りしきる雪の中、車を運転する父親と待っている娘の心の中の会話を歌にしてみた。

Snow is falling on
The night has turned into white
Passing through the mountainside,
the town you live is approaching

“Once in a lifetime”,
such promise making with you
Tonight is the best day
because it's Christmas night

Long away from your home place
I've been waiting for you dad tonight

Now I can see the flashing light
you wave to me
I have come so close
for the first time this year

Snow is falling on
like memories in my heart
Turn to the street you live
where Christmas tree is twinkling

Since I broke up with your mom
I have made you live alone for long
I came tonight to pick you up
to start the life we ought to be in

When imagining how lonely nights
you have spent here so far
My heart is filled with regret for you,
and remorse pain on me

I feel good
you came to face my longing heart
Christmas night is in silent white,
The day has come in the end

It's snowing all-night long
I drive with you to get back home
Smiling face you share tonight,
I hope says, "it's the best day".
